## Bab 2. Another Chapter

### 2.1. Sub Seciton 1

This is just a statement. This is just a statement. This is just a statement. This is just a statement.  
This is just a statement. This is just a statement. This is just a statement. This is just a statement.  
This is just a statement. This is just a statement. This is just a statement. This is just a statement.  
This is just a statement. This is just a statement. This is just a statement. This is just a statement.  
This is just a statement. This is just a statement. This is just a statement. This is just a statement.  
This is just a statement. This is just a statement. This is just a statement. This is just a statement.  
This is just a statement. This is just a statement. This is just a statement. This is just a statement.

### 2.2. See the Source Code Here

*src/01-02/hello-plain/hello.rs*

```
fn main() {                                ①  
    println!("Hello World!");              ②  
}
```

① Explanation - callout number 1.

② Explanation - callout number 2.

For any other source which doesn't relate to source code in programming language, use this:

*rustup*

```
$ curl --proto '=https' --tlsv1.2 -sSf https://sh.rustup.rs | sh  
info: downloading installer  
...  
...
```

# Bagian II:

Bagian II membahas tentang

## **Bab 3. Another Chapter**

### **3.1. Sub Section 1**

## **Bab 4. Another Chapter**

### **4.1. Sub Section 1**
